

Variable Shamble format used for Mixer at LSMGL Holmes Fun Day

Greg Bauer

Two flights comprising 96 golfers enjoyed one of the best days we've seen in the last couple weeks with plenty of sunshine, warm temps, and an absence of gale force winds. Utilizing 60% of each player's handicap, and the best drive in each group, golfers then played their own ball to completion of the hole and recorded 3, 2, or 1 net score. Starting on hole 1 or 10 three scores were used, then two, then one and the pattern repeated through 18 holes.

Low score for the day was 130, which pointed out the difficulty of the event. Pin prizes were awarded on Hole 9 for closest to the pin and hole 18 for longest putt. Marv McMichael and Jack McKimmy won those respectively. The last Fun Day was held at a new course in Valley, The Pines CC Monday, Oct. 30.
