

4-Man Best Ball used for LSMGL Fun Day at Pioneers

Greg Bauer

The Oct. 18th Fun Day at Pioneers Park utilized 100% of each golfers handicap and the two best net scores on each hole. As would be expected, this format put a premium on higher handicap players utilizing the strokes they received, especially on the more difficult holes. Since everyone played their own ball the whole day there was no advantage to the long hitters who could jump start a group with a great drive in a Scramble or Shamble format.

120 golfers were divided into three flights of ten 4-Man teams. Two pin prizes were awarded on hole 9 and 18 for the longest putt, with George Hill and Rob James winning those respectively. The last two Fall Fun Days for the league are Oct. 25 at Holmes and Oct. 30 at The Pines CC in Valley.
