Gift Certificates: President Allen recommended that the Board consider a policy aimed at a more efficient and less time consuming method for distributing gift certificates for League play and Fun Days. The Board unanimously agreed to the following procedures:

Season End Division Winners: The names of the Division winners for regular league play will be posted and gift certificates will be available for the Division Coordinators to distribute at the Pro Shop desk. These gift certificates will be forfeited if they are not picked up at the season end meeting unless previous arrangements have been made.

Fun Day Gift Certificates: All gift certificates must be picked up on the day of the Fun Day. When posting scores, the top three scores and ties will be the last to be posted. This procedure will immediately notify the non-winners that they are not "in the money". Unless previous arrangements are made, any certificates not picked up will be forfeited.

Fun Day Issues:

Signup Opportunities: The Board unanimously agreed that there should be six signup periods in 2017 as opposed to four for 2016. This should ease the burden for the Fun Day Managers who have to deal with cancellations and the members who end up on the standby lists.

U-Pik vs. Mixers: At a future Board meeting, the Board will discuss the possibility of adding more Mixers, especially for the premium courses who have signups exceeding their capacity and for those used twice for Fun Days. Consideration may also be given to allowing more U-Piks for the Fun Days held on the municipal courses.

Additional help for Jim Augustyn: Myron Thoreson volunteered to assist Jim to process the applications for Fun days.

Additional Fun Day Coordinator: Larry Honeycutt will be replacing Myron Thoreson, who will be having surgery that will prevent him from playing in 2017.

Division Coordinators: Dean Bergman will be setting up a meeting of all Division Coordinators in the next month or two.

Substitutes: Mike Toomey reported that there were fewer subs available in 2016 than the previous year, however, there was greater participation by many of the substitutes. He noted further that for 2017 he could use an indication from a member wishing to sub of how frequently he wanted to play so that he could code this into his records. There is also a need for the desired telephone number and preferred e mail address. Publicity Coordinator, Greg Bauer, intends to write a special article on substitutes aimed at communicating how valuable they are to the League and inviting more prospective members to join as a Sub.

Next Meeting: October 13, 2016
