Members absent: Hedges, Pauling, Jessen, Vogt

President Allen called the meeting to order at 10:00 am, Sept 8, 2022, in the Holmes Golf meeting room and declared that a quorum was present.

The board reviewed the NuMark fun day and determined it was successful and will be added to the 2023 schedule. The board also discussed possible additional courses for fun days in the event we lose one or more of the current locations. Also discussed is the option of scheduling an area 9-hole course to be played as a 18 hole and to be scheduled on an off day such as Tuesday, Thursday or Friday.

The board also discussed additional formats for future fun days. Suggestions to fun day managers included Orange Ball, high/low (where the score used is a combination of high and low score on each hole), however, format remains option of the manager.

Various other end-of-year issues were discussed but none of which required board action. Meeting adjourned at 10:50.

Gary Westerhoff, Secretary
